

The Little Seed

Once upon a time, in a small garden, a little seed was planted. The seed was very small and felt weak. It looked around and saw big trees and flowers. The seed felt sad and thought, "I will never be as big and strong as they are."

One day, a wise old tree came to talk to the seed. "Why are you sad, little seed?" asked the tree.

"I am too small and weak," said the seed. "I will never be as big and strong as you."

The tree smiled and said, "You are not weak, little seed. You are just starting. With time, water, and sunlight, you will grow big and strong. Just be patient and believe in yourself."

The seed felt happy and hopeful. It started to grow, slowly but surely. Days passed, and the seed became a small plant. It kept growing and growing until it became a big, strong tree.

The little seed was happy and proud of itself. It thanked the wise old tree for its advice and realized that even the smallest and weakest can become big and strong with patience and hard work.
